

AIG Australia's Professional Liability and PrivateEdge policies offer more than just insurance. With access to AIG Australia's BusinessGuard Advisory Panel™, you have at your service, a dedicated panel selected for their expertise in handling the type of claims covered by your policy. We encourage you to get to know them.

Free Advice

You are entitled to contact the panel for limited free advice on matters which are relevant to the cover provided under your policy. This service is provided free of charge, provided the advice does not involve a significant time commitment on the part of the member firm.

Claims Handling Service

If you are unfortunate enough to have a claim made against you, speedy implementation of a good defence strategy is critical. The panel has been **pre-approved**, at **competitive pre-agreed rates**, to defend claims made against you which are covered under your policy. This means they can act without delay.

The panel is familiar with AIG's policies and practices which means they are well placed to identify any conflicts or indemnity issues at the earliest. If a panel lawyer is unable to act on your behalf, AIG will be happy to put you in contact with a lawyer who can act independently of the panel.
